ORDER NO. 9164

FOR ADMISSION AS AN INTERVENOR

AND NOW, this 16th day of January, 2018 pursuant to the authority granted to me in Public Service Commission ("Commission") Order No. 9150 dated November 30, 2017, this Hearing Examiner having considered the Petition for Leave to Intervene ("the Petition") filed by Delaware Department of Natural Resources and Environmental Control ("DNREC") on January 12, 2018, and there being no objection thereto filed by any party of record;

NOW, THEREFORE,

1. The Petition is granted.
2. In PSC Order No. 9150, the Commission ordered that the deadline for filing petitions for intervention was January 12, 2018.
3. Thus, DNREC's Petition to Intervene was timely filed.
4. As stated in paragraph 6 of its petition:

"[DNREC's] Division of Energy and Climate is committed to reducing greenhouse gas emissions in the transportation sector in Delaware. The Division of Energy and Climate manages the Clean Transportation Incentive Program, which

provides rebates to Delawareans and Delaware-based businesses for the purchase of electric vehicles and their supporting infrastructure.... DNREC has an interest in ensuring that program and policy development are coordinated, and that there are no duplicative efforts."

5. Because of DNREC's stated interest it does not believe that its interest can be adequately represented by any of the other parties because only DNREC has an obligation to develop policies to promote electric vehicles and electric vehicle charging stations in Delaware.

6. Finally, the above arguments support DNREC's assertion that its participation in this docket is in the public interest.

7. By my granting its intervention, DNREC is on notice that it must comply with the Commission's *Rules of Practice and Procedure*.
